

REMARKS

The present office action includes a restriction of species, identifying the following species as being distinct:

I -- Figures 1-7 and

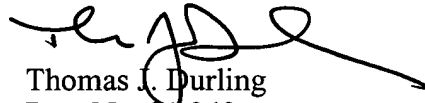

II -- Figures 7-10.

In response to the restriction, Species I is provisionally selected for further prosecution at this time. Claims 1-10 and 18 are believed to cover the embodiment of Figures 1-7 in the application.

Presently, no generic claim appears to be present. Should a generic claim be added by amendment, such will be particularly identified. Claims 11-17 are withdrawn from consideration at this time pending further argument on the restriction or the introduction of a generic claim.

If there any questions regarding this response or if the examiner desires to discuss the merits of the application, please contact the undersigned at the address or phone number below.

Respectfully submitted,

Thomas J. Durling
